dream swaddle™

sleeping made easy!

The *dreamswaddle*™ is a unique new concept in swaddling your baby to ensure that your little one is kept safely swaddled and ready for a warm, comfortable night's sleep.

Made from 100% cotton, this totally fitted and adjustable baby swaddle is so easy to use – making the *dreamswaddle*™ a must-have for parents everywhere.

In the *dreamswaddle*™ your baby is first restrained carefully with the inner wrap, which uses two simple wings to hold and cover the babies shoulder and arm and then tucks under their torso.

Once your baby is secure, simply zip up the outer pouch. The outer pouch also features two wings that swaddle around your baby and close with a secure Velcro® system.

All well and good until you need to change a diaper?

With the *dreamswaddle*™ that's not a problem.

The double-ended zip at the front means you can easily change your baby's diaper without unwrapping and disturbing that peaceful sleep.

No other swaddle offers you and your baby this unique combination of features.

dreamswaddle™ sleeping made easy!

easy access for
diaper change

1 Place DreamSwaddle on a flat, safe surface, then lay baby on top.

2 Wrap the inner wings over baby's shoulder and arm then tuck and secure under torso.

3 Zip up the pouch.

4 Tightly wrap the outer wings around babies torso and secure Velcro® ends.

FUN DESIGN

BONUS FEATURE

To use the *dreamswaddle*™ in a child car seat, open it out flat across the car seat and insert the centre strap of the car seat safety harness through the *dreamswaddle*™ safety belt aperture. Place your baby in their seat, fasten the safety harness straps around your baby, then wrap the *dreamswaddle*™ around your baby over the top of the safety harness straps.

making life easier for you

“When it comes to being Houdinis, our babies were professionally trained escape artists! Our answer was to create the ultimate swaddling solution - the one and only *dreamswaddle*™”

Best wishes Jo & Jo
